Used Tanning Equipment

Mega V Booth

The Mega V booth has all stainless steel structure with a rugged Ploypro matte black exterior and stainless steel trim. The booth has (48) 160-watt Cosmolux VHR reflector lamps. Maximum tanning time is (10) minutes. Excellent ventilation is provided with a strong ceiling fan combined with a raised ventilated floor for a direct updraft and discharge of the exhaust air. The cost of this unit, delivered and installed, is \$6900. We also include a one-year parts & labor warranty on our used equipment (excluding lamps).
